

Agenda for Integrated Assessment Workshop 6th of July 2011 in Berlin

Location: Ecologic Institute
 Pfalzburger Str. 43/44
 10717 Berlin
 Germany

The team meeting (with advisory board) should finalise the planning for the final deliveries including the agenda for the final conference and the structure of the final deliverables. To achieve this purpose it would be fantastic if all the project partners could manage to come to Berlin and give their ideas and comments on what highlights of the IN STREAM work we should display in our final deliverables.
